2. The highest bidder will prevail. Lots are sold at a slight advance over the next highest bid. The auctioneer will regulate the bidding, and reserves the right to refuse any bid not believed to be in good faith. Should any dispute arise between bidders, the decision of the auctioneer, in the exercise of his judgement as to the successful bidder, will be final, and the auctioneer may re-offer or resell the lot under dispute. Title will be retained by Harmer, Rooke Numismatists, Ltd., until lots are paid for in full.
3. Auction sales are strictly for cash, and must be paid for promptly in U. S. funds.  $1\frac{1}{2}\%$  per month will be added to all bills delinquent after 1 month from date of sale.
4. Floor bidders must identify themselves to the auctioneer immediately following the purchase of each lot. Personal checks may be accepted, subject to collection.
5. Mail bidders unknown to us must furnish satisfactory references, or remit a deposit of 25% of the total of bids. There is no charge for executing mail bids. In the case of equal bids, the earlier bidder will prevail. Successful mail bidders will be notified of the lots allocated to them, and must forward payment before the lots are sent. Those known to us, or who furnish satisfactory references, may, at our option, have their purchases forwarded for immediate payment. Delivery of lots will be to addresses indicated on bid sheets.
6. All lots are guaranteed to be genuine and as described. No lots may be returned by mail bidders without our written permission. All claims must be made in writing within 5 days after receipt of goods. We reserve the right to decide on all claims. Lots sold to floor bidders are not returnable.

PART II

Harmer, Rooke Numismatists Ltd. takes great pride in offering the following ancient, foreign and gold coins from the Collection of the late Francis Cardinal Spellman. Every piece has a permanent number attached as our guaranty that it is ex-Spellman. Every piece is mounted in a suitable manner for display. Most of the better ones are in the Cardinal's own special lucite holder, which has enclosed within an ornate hand-lettered card bearing the Cardinal's Crest, in color, plus a full description of the contents. However, due to the vast bulk of the collection, some pieces, including a few very good ones, were unmounted. We have mounted these on an ornate 5 x 8 handsome card, making them suitable for display, etc. These pieces also bear individual distinctive numbers, thus documenting the entire collection as the Cardinal's. Please read the descriptions carefully so as to differentiate between the two types of mounting.

*Città del Vaticano, January 1963*

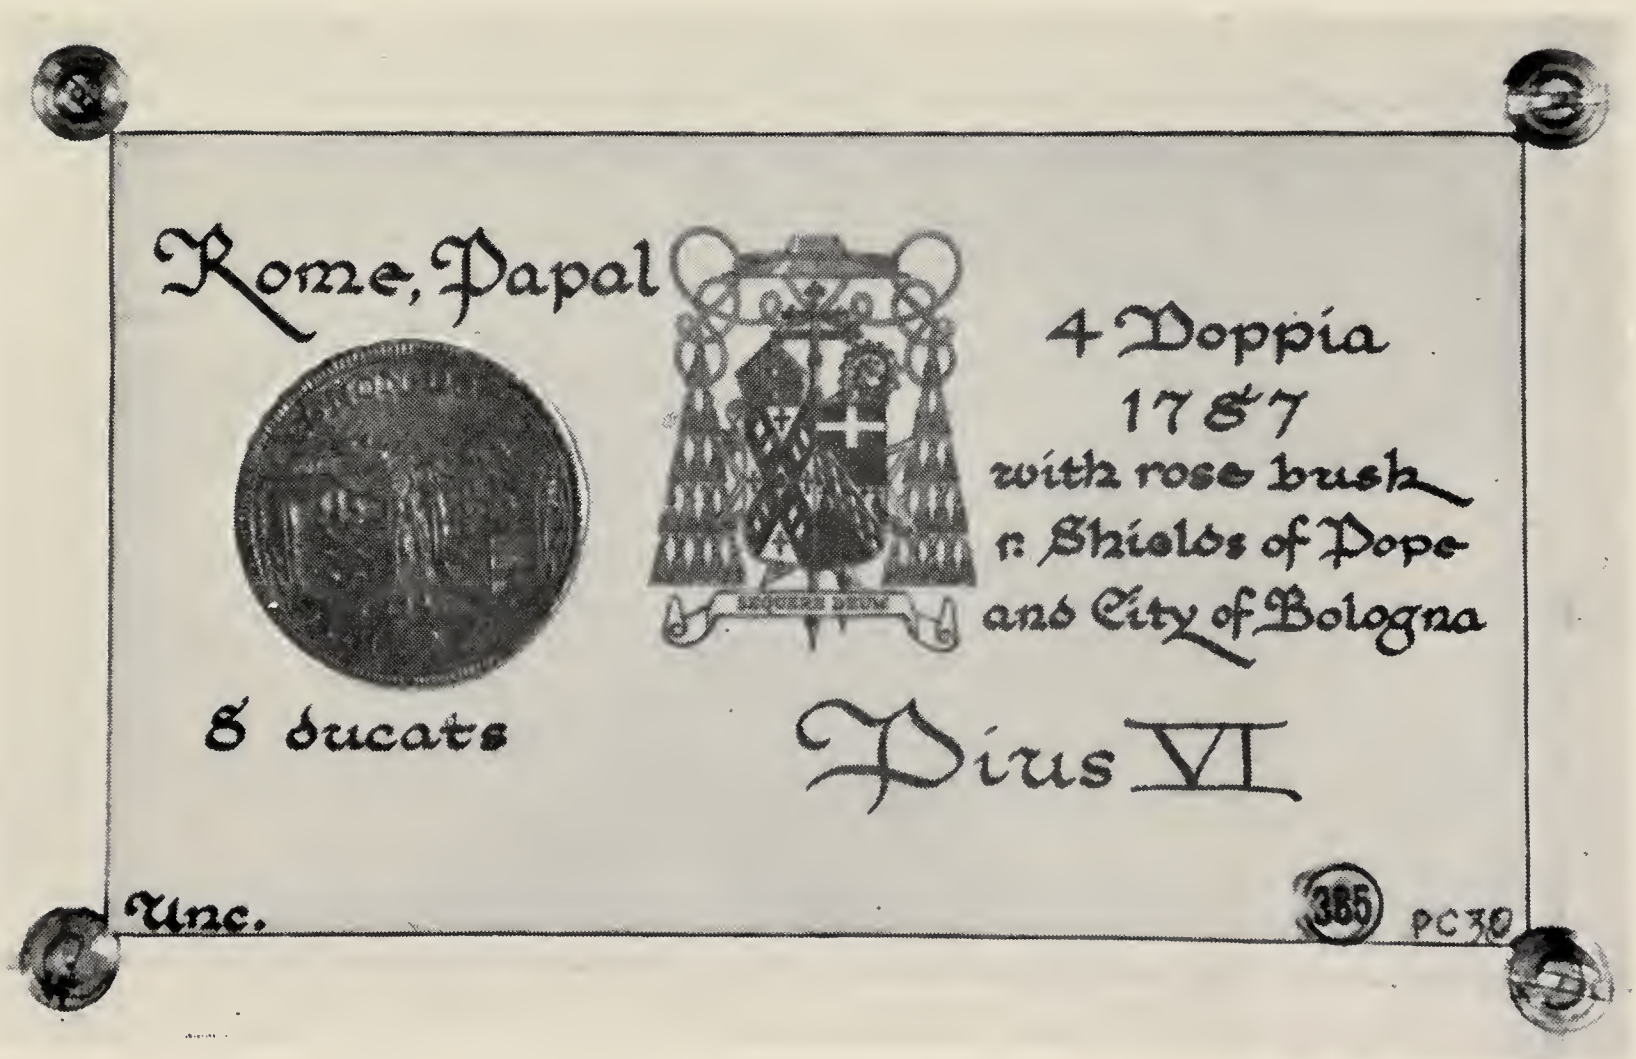

The special metal alloy used for the making of the Vatican coins ( with the only exception of the 500 Lire, which is of silver, though of a lower grade ) is extreme hard, and therefore ideal for its current usage amongst the public, but it is not fit to allow sufficient evidence to the plastic values of the design. For this reason the Italian State mint is authorized by the Vatican to issue, at any new coinage, not more than sixty sets of coins in high class of silver, that remain at the disposal of the high Holy See Authorities.

In the rear of each coin the word "prova" is inscribed. These pieces result therefore of very special value for numismatic collections.

| 879 to 1978  | <p>The following lots consist of minor foreign coins from the Cardinal Spellman Collection, and apparently represent small pieces which he picked up in his travels throughout the world. No specific description is given for these coins as, mostly, they do not warrant this. Generally, there are coins from most of the countries of the world, in acceptable condition, and in all minor metals including silver. They date from Ancient (Rome) to modern (Europe), but the bulk seems to fall in the late 19th century.</p> <p>Each of these coins has been mounted on an ornate 5 x 8 card suitable for framing, with the Cardinal's Crest, and a picture of the Cardinal. We have had them framed in this manner for the thousands of inquirers who wish a souvenir coin of the collection—any coin—and who may not necessarily be coin collectors. They are intended to satisfy these demands, and make unique gifts, donations, wall or desk decorations or just plain conversation pieces.</p> <p>They will NOT be placed for auction, but are available on a direct purchase basis. However, so that there will always be a record of these coins as being part of the Spellman Collection, EACH ONE is numbered and guaranteed by Harmer Rooke Numismatists as being ex-Spellman. Prices are as follows:</p> <table border="0"> <tr> <td>For a modern foreign coin of small significance.</td> <td>(7.50)</td> </tr> <tr> <td>For a better foreign coin of some numismatic value.</td> <td>(12.50)</td> </tr> </table> <p>We will honor requests for specific countries wherever possible, but will fill orders only for the first 1100 checks received, as there are only 1100 pieces available. All coins, regardless of price, are mounted on the same card and in the same manner.
